Summary

Results-driven Frontend Developer with around **3 years of experience** in developing **scalable, high-performance web applications** using **ReactJS, JavaScript, HTML5, and CSS3**. Proficient in building **reusable UI components**, integrating **REST and GraphQL APIs**, and implementing **responsive, user-centric designs**. Experienced in working with **CRM-based dashboards** and possess a basic understanding of **CI/CD pipelines (Jenkins)** and **AWS services** such as **S3, CloudFront, and EC2** for deployment workflows.

Professional Experience

Software Engineer - I *Mar 2023 - Present*
Energetics AI

PROJECTS – React JS:

SafeCommute: Employee Travel Management System
ReactJS, GraphQL, REST APIs, Redux, Pusher, Google Calendar API, Jenkins, AWS S3, CRM

- Acted as key frontend developer for an internal employee transport and tracking system.
- Engineered robust **CRUD functionalities** for Vendor and Organization dashboards using GraphQL and REST APIs.
- Integrated **CRM tracking overview dashboard** for monitoring and analytics within the platform.
- Implemented a **calendar system** with holiday-level management and **real-time notifications** using Pusher.
- Built secure **role-based access control** and implemented protected routes.

Mindn: Mental Wellness Platform
ReactJS, PWA, HTML, CSS, JavaScript, JsReport

- Developed a **Progressive Web App (PWA)** with offline support and optimized mobile responsiveness.
- Created dynamic **report templates** integrated with JsReport for automated health insights.

Conference Customer: Video Conferencing Platform
ReactJS, Redux, Google Calendar API

- Built a customer-facing web app from scratch using React and integrated **Google Calendar API** for scheduling.

From Around: Events, Food, & Social
ReactJS, GraphQL APIs, Razorpay, JsReport

- Integrated **Razorpay payment gateway** for secure donation transactions.
- Utilized **GraphQL APIs** for scalable data management.

Ticketing System
ReactJS, REST APIs, Redux, Tailwind CSS, Jenkins, AWS CloudFront

- Managed and oversaw the overall **frontend development lifecycle** — from requirement analysis to deployment.
- Coordinated with backend and QA teams to ensure smooth integration and on-time delivery of key modules.
- Designed and implemented modules for **Ticket Management, Comments, and Document Upload**.
- Participated in **deployment activities** using **Jenkins** and **AWS S3 + CloudFront**.

PROJECTS – React Native:

Mindn: Mental Wellness Platform
React Native, GraphQL APIs, OAuth (Google, Microsoft, Facebook)

- Implemented secure **OAuth authentication** with **Google, Microsoft, and Facebook** for seamless user login and account management.
- Ensured smooth user experience by handling token-based authentication flows and managing third-party API integrations.

TMML (Community App)
React Native, GraphQL APIs

- Developed a community-based mobile app to enhance engagement and collaboration.
- Implemented **user authentication features** and optimized GraphQL API integration.

NTL Management Suite - Driver App
React Native, GraphQL APIs

- Built **CRUD functionalities** with intuitive UI and implemented Document History and Fuel Log modules.

NTL Management Suite - Vendor App (Fueler)
React Native, GraphQL APIs

- Designed Profile Settings and Home UI, leveraging reusable components for efficiency.

PROJECTS – Next.js:

LiveNews: News Website
https://livenews-site.netlify.app/
Next.js, REST API, HTML, CSS, JavaScript

- Developed a responsive **Next.js news website** with **Server-Side Rendering (SSR)** and integrated with a free News API for real-time updates.

Education

Al-Ameen Engineering College *July 2019 – May 2023*
Bachelor of Engineering in Computer Science

Technical Skills

- **Programming Languages:** JavaScript, TypeScript
- **Frontend Technologies:** ReactJS, Next.js, React Native
- **Markup/Styling:** HTML5, CSS3
- **State Management:** Redux Toolkit
- **CSS Frameworks:** Bootstrap, Tailwind CSS
- **API Integration:** REST APIs, GraphQL
- **Version Control & Collaboration:** Git, Bitbucket
- **Design Tools:** Figma

Languages

– Tamil, English
